R7 West Lake Landfill Support Overview 10-23-15.docx

Suzanne,

Attached is a summary of TASC support at the West Lake Landfill from 2013 to June 2016. Please let me know if you have any questions or need additional information. This is a TASC success story.

Thanks.

**Subject:** RE: Westlake

Tina,

Heads up that we might need something today. Anything you can pull together by very early afternoon would be very helpful. First priority would be pulling what we know has already been done; second priority, also good, would be to contact Ben.

Schatzi is in and coordinate in getting this to Jim, although I would like to be copied on the electronic file if possible.

Thanks for your help.

FYI, sometimes West Lake is two words and sometimes one word. 2 words is what I use and I think the official site name, but many times it shows up as one – just in case that helps with your searching.

Thanks! – Dana

**Subject:** Westlake

Tina,

There was a meeting today with the Administrator on Westlake. Dana attended the meeting, and he told me that after the meeting there was a discussion about providing TA support to the community. I told him that there had been TA support from Skeo in 2013 and 2014. Can you pull together bullets on the support that Skeo provided to the Westlake community?

Also, can you contact Ben Washburn in R7 to see what his thoughts are on additional TA needs for Westlake?

I think if we get something to Dana by early next week, that it will be fine. Thanks.
